Harrisburg, PA 17110**

*\*Brian is a student who attends Benjamin Franklin School. Brian loves school. His grades have really improved, and he's pretty popular, among students and teachers alike. With the exception of one dilemma, these will probably be the best years of Brian's life. So what's Brian's dilemma? Brian comes from a broken home, but strangely enough, that's not his dilemma...*

Dear Friend:

The ***Royal Diamond Spirit Foundation***, a newly formed non-profit organization in the City of Harrisburg, is tasked with a most urgent assignment.

The story you just read at the outset provides a glimpse into the life of just one of the many participants whom our foundation supports. Our organization provides financial support to Brian and others like him, by helping them to participate in the sport they love. All-star cheerleading is their sport.

Unlike other school sports, all-star cheerleaders and their parents must provide *all* funding for their own supplies including uniforms, competition entry fees, travel expenses and more.

To that end, our goal is to raise \$50,000 to assist in defraying the costs to Brian, his peers and their parents. With help from individual members of the community, and through corporate sponsorships, we are certain to reach our goal. These monies will not only help the cheerleaders in competing on the national level, but could also provide the means of acquiring college scholarships.

These are formidable years! While the city is inundated with so many unlawful acts of conduct by so many youths, WE can actually help to shape the goals and dreams of many of our law-abiding students through programs such as the *Royal Diamond Allstarz Cheerleading Program*.

Won't you please consider helping Brian and his friends in their efforts? Contributions of any kind will be greatly appreciated.

Sincerely,

***Members of the Royal Diamond Spirit Foundation & the Allstarz Cheerleaders***
